Sub: Opening of an Allopathic Dispensary by the Ramakrishna Mission, Mangalore

P.11 CF (4)

Ref: From Health. Education and Local Administration Dept; memorandum No. 73291-H6/54-4 dated 30-10-1954

The Ramakrishna Mission at Bolar is situated in the centre of an area inhabited mostly by labourers. This ward does not contain any allopathic medical centre. The distance between the Wemlock Hospital and the Ashrama is about two miles. As such the medical facilities available at the Govt. Hospital will not affect in any way our service as far as the outdoor patients are concerned. I am glad to inform you in this connection that the Central Government have kindly agreed to give financial assistance to purchase the dispensary equipment.

We have almost completed the construction of the ground-floor of the Dispensary and the remaining work must be finished before the monsoon begins. Under the circumstances I appeal to the Government to reconsider their decision and help this noble cause by making a grant for the purpose.

Yours faithfully
Swami Adidevananda
